Goldilocks and the Three Bears

shortened version made by: Corey Sasfy Takacs

<https://www.youtube.com/watch?v=iR2M0QuLPZs>

In a cottage deep in the forest lives Father Bear, Mother Bear and Baby Bear. It is a pretty cottage with yellow curtains, a red rug and lovely flowers in the garden. The Bear family loves soup. Mother Bear makes soup for lunch. Father Bear says „This soup is very hot. I can not eat it.” Mother Bear says „Come, Baby Bear. Put on your coat and hat.” And the Bear family goes for a walk.

In another cottage in the forest lives a young girl with long, golden hair. Her name is Goldilocks. She loves the forest animals-the butterflies, the birds, the rabbits. And she loves the tall, green grass and the colourful flowers. She goes for a walk in the forest to find some berries to make a blueberry pie.

She sees five butterflies flying from flower to flower. She sees four rabbits hopping.

She sees a cottage in the forest. She looks through the window and sees nobody inside. The door is open and she walks inside. She smells something nice and is very hungry. There were three bowls of soup on the table. She eats the soup from the biggest bowl. It is too hot. She burns her tongue. She eats the soup from the medium bowl. It is too cold. She eats the soup from the smallest bowl. It is just right. She eats all the soup in the smallest bowl.

She feels sleepy after she eats all the soup. She sits on the biggest chair. It is not comfortable. She sits on the medium chair. It is too big. She sits on the smallest chair. It is too small and it breaks! She feels sorry for eating the soup and breaking the chair. She is still sleepy. She lays down on the biggest bed. The bed is too hard. She lays down on the medium bed. It is too soft. She lays down on the smallest bed. It is just right. Goldilocks falls asleep.

The three bears come back to the cottage. Father Bear is hungry. Father Bear goes to the kitchen. Father Bear sees that someone ate his soup. Mother Bear sees that someone ate her soup. Baby Bear sees that someone ate his soup.

Baby Bear is sad. Father Bear sees that someone sat in his chair. Mother Bear sees that someone sat in her chair. Baby Bear sees that someone broke his chair. Baby Bear is very sad. Father Bear, Mother Bear and Baby Bear go to the bedroom. Father Bear sees that someone slept in his bed. Mother Bear sees that someone slept in her bed. Baby Bear sees Goldilocks sleeping in his bed!

Goldilocks wakes up. She is scared! She jumps up, runs out of the bedroom and jumps out the window.

She runs all the way home.
